Welcome...

to the 1994 Dodge City Community College Speaker's Bureau! You are invited to call the Public Relations Office at DCCC to arrange for a free speaker. The phone number is (316) 225-1321 Ext. 262. Let us know if you need a speaker for your meetings or classes.

Career

• *Cosmetology Program Requirements*

Bev Helin

Professor of Cosmetology

State regulations concerning licensing for cosmetologists will be explained.

• *Manufacturing Technology*

Don Webb

Associate Professor of Manufacturing Technology

This presentation explains the career changes in overall technology including the robotics impact on the future.

• *Why Teaching*

Paul Young

Professor of Agriculture

Young people should be encouraged to seek the profession of education; the advantages of being a teacher are many.

• *Resume Writing and the Job Search*

Debbie Lloyd

Director of Admissions, Testing & Placement

The process of the job search; contracts, cover letters, resume, interview. Appropriate for people at any life stage.

• *Adult Education in Dodge City*

Dr. Peggy Church

Assistant Dean of Instruction

Learn how Dodge City Community College Adult Learning Center serves the community by offering English as a Second Language classes, by providing individualized adult basic education in math, English, and reading, and by giving guidance in preparation for the GED, High School equivalency diploma.

College Environment

• *External Studies for the Non-Traditional Student*

Peggy Church

Director of Developmental Education and External Studies

Starting back to college is not a frightening experience when the adult student begins his college career by enrolling in independent study.

• *Community College Administration*

Tom Gamble

President

Dr. Gamble's presentations cover many aspects of education including the development, organization and administration of the community college and its importance to future generations of students and the community, issues of educational philosophy and finance, and interrelationships between pre-school, public school and higher education. Particular emphasis is placed on Dodge City Community College and the programs and activities it offers.

• *Outreach is Just One Way*

Denise Inman

Coordinator of Kinsley Outreach Center

This presentation highlights the advantages of becoming involved in the variety of learning opportunities offered by DCCC.

• *Assessment Services*

Deborah Lloyd

Director of Admissions, Placement and Testing

What assessments are available at the DCCC Testing Center. Includes discussion of the Discover, CLEP Testing, ASSET and others.

Cultural Topics

• *The Healing Potential in the Arts*

Marlana Stoddard

Associate Professor of Art

Art has been recognized as a natural component to the psyche of an individual. It has great therapeutic benefits in putting people in touch with their feelings and is an important way to be in touch with "personal reality."

• *Oregon*

Marlana Stoddard

Associate Professor of Art

Marlana was recently in Oregon on a research grant with the Sitka Center for Art and Ecology. She has first hand experience with the coastal environment and is aware of the coastal lifestyles and thinking patterns.

• *Southern France*

Marlana Stoddard

Associate Professor of Art

Well versed in the art, culture and lifestyles of Southern France, Marlana would enjoy sharing her knowledge she has gained from personal travels for two summers to paint the environment around the Aix-en-Provence. Her presentation includes audio/visual materials.

• *The Importance of the Arts in Education*

Greg White

Associate Professor of Speech and Drama

An appreciation of the arts is learned and the need to keep them in the educational system is emphasized.

• *Wheel-Thrown Ceramics and Hand-Build Sculpture*

Jim Wilson

Professor of Art

Several techniques of working with clay are described with explanation of the aesthetics involved in each area.

Current World Events

• *Analysis of Current Events in Eastern Europe and the Soviet Union*

Larry Burke

Associate Professor of Social Science

What conditions currently exist in the Eastern European countries and the Soviet Union compared to several years ago.

• *Military Operations in the U.S. Navy*

Tom Gamble

President

Dr. Gamble is a 22-year veteran of the U.S. Navy, having retired in 1986 as a Captain. His naval experience included tours aboard ship (LST) on and off the beaches of the Dominican Republic and Vietnam, with both Atlantic and Pacific Fleet Commanders, with Recruit Training Command, and as U.S. Liaison Officer with NATO. Captain Gamble can speak to these experiences, U.S. Navy sea power and organization/command of U.S. Navy and Naval Reserve Forces.

• *National Security in the 90's*

Anthony Lyons

Director of Financial Aid

This presentation outlines the role of the armed forces in the security of the United States and its citizens and interests abroad.

• *On My War: Vietnam*

Anthony Lyons

Director of Financial Aid

A soldier's perspective on the mistakes of Vietnam.

Government Documents

- ***Hidden Treasures In Government Documents***

Cathy Reeves

Director of Learning Resource Center and Documents Librarian
The United States Government annually prints approximately 54,000 documents and distributes them to nearly 1400 libraries throughout the United States and its territories. Approximately 50 "regional" libraries received all publications published. Other depository libraries choose to receive only specific categories of Government publications to meet local needs. The Dodge City Community College Library is one of these depositories and receives 6% of the documents. This presentation will present the background to the depository program and some of the more interesting publications available for patrons use.

Health

- ***Women's Health Issues***

Becky Bredfeldt

Assistant Professor of Nursing

Areas of concern will include PMS, breast and cervical cancer, osteoporosis, and infertility.

- ***AIDS***

June Kliesen

Assistant Professor of Biology

A discussion of AIDS and your immune system. The talk can be tailored to the group.

- ***Drug Prevention***

Casey Malek

Head Golf Coach

Understanding drug prevention is crucial to the welfare of our country and this presentation tells what information young people need today to lead a life free of drugs. 8

History

- ***England from a Historical Viewpoint***

Larry Burke

Associate Professor of Social Science

A slide presentation of England that highlights the country's history and literature.

- ***A Historical Account of the Civil War, the Korean War and the Vietnam Conflict***

Larry Burke

Associate Professor of Social Science

A review of these wars and their impact on the societies involved.

- ***General Dwight D. Eisenhower***

Anthony Lyons

Director of Financial Aid

This presentation outlines the General's life and military career with emphasis on the influence his leadership had in shaping military and domestic policy today.

- ***History***

Larry Burke

Professor of History

Any historical subject, military history, etc. Also background on current world affairs could be a subject for a program.

Hobbies

- ***Primitive Rifle Smithing as Art***

Bob Sheldon

Professor of English and Literature

The Pennsylvania-Kentucky Rifle has long been recognized as a splendid example of early American art. Aside from its romanti-

cized link with the American past, it is an object of beauty, "a complex sculpture of three dimensional art with two dimensional art superimposed, made from beautiful wood in combination with iron, brass, silver, and ivory."

Science

• *The Fallacy of Exponential Growth*

Ron Albrecht

Professor of Chemistry and Physics

This is a talk that illustrates the disaster of continuous exponential growth in many factors of society such as populations, postage stamp costs, etc.

• *Current "Hot" Topics in Physics or Chemistry*

Ron Albrecht

Professor of Chemistry and Physics

A customized presentation to describe current events in the physical sciences.

• *Tropical Marine Biology*

June Kliesen

Assistant Professor of Biology

Tropical marine biology of Bermuda with slides from The Bermuda Biological Station and representative tropical marine organisms.

Security

• *Home/Business & Personal Security*

Danny Gillum

Coordinator of Security

I will advise people or groups on how to develop their own security plans and the new inexpensive ways to accomplish a safe and secure environment.

Self-Improvement

• *Time Management*

Patricia Allison

Professor and Coordinator of the Secretarial Technology Program
People will be given tips for accomplishing more each day with the understanding of time management techniques.

• *Learn Your Strengths - Myers Briggs Personality Test*

Peggy Church

Director of Developmental Education and External Studies

This presentation explains how and where you get your energy, how you gather information, your decision process, and how these factors affect your life.

• *Optical Illusions*

Bev Helin

Professor of Cosmetology

Both men and women will benefit from the knowledge of hair styles that compliment face shapes.

• *Motivation*

Casey Malek

Head Golf Coach

Motivating others is the key to being a good leader and creating pleasant work and home environments.

Sociological Issues

• *Dual Career Families*

Tom Gamble

President

Dr. Gamble will speak of issues surrounding child rearing and marital bliss in a double-professional family.

• ***The Changing Face of Education: The Challenge***

Betty Jackson

Professor of Education

The impact of increasing numbers of one-parent homes, poverty-level families, non-English speaking students and further specialized training for handicapped has created many financial, emotional and logistical problems in American education.

• ***Gerontology***

Mary Koranda

Professor of Nursing

The sociological implications of a growing population of elderly will be analyzed and its impact on the future discussed.

• ***Parenting Issues***

Sam Seybold

Director of Grants and Development

Schools today are often blamed for a student's lack of learning when the problem may actually stem from the parenting they have received. This is just one of the many issues discussed of which parents need to be aware.
